**Re: WT Docket 10-153**

Dear Ms. Dortch:

On July 29, 2011, Andy Scott, Vice President, Engineering, and I, of the National Cable & Telecommunications Association ("NCTA"), met with John Leibovitz, Blaise Scinto, John Schauble, and Paul Malmud of the Wireless Telecommunications Bureau. We discussed the positions in NCTA's Reply Comments in this proceeding, in particular that any wireless backhaul and cable television relay service (CARS) spectrum sharing arrangement should include strict compliance with spectrum frequency coordination procedures and that the proposal by Wireless Strategies, Inc. should be rejected in light of the potential for harmful interference to existing licensees.

Respectfully submitted,

**/s/ Rick Chessen**
